

日本語 4 学期

Grade Prep

The students in Prep will be learning about Hiragana, the phonetical alphabet used in Japan. They will identify, read and write 11 of the one-stroke characters through interactive games and songs.

Grade 1-2

The Grade 1-2 learning community will be learning about Japanese Fairy-tales and mythical creatures. They will learn how to talk about the emotions of each character and respond to imaginative texts.

Grade 3-4

The students in Grade 3-4 will be learning about Japanese seasons. They will learn to identify season related kanji, how Japanese people celebrate the seasons and create craft and Haiku poems.

Grade 5-6

The Grade 5-6 learning community will be creating their very own Nintendo game instruction booklets. They will be learning about the history of Nintendo, and using Japanese to make detailed instruction booklets on a game of their choice!
