

JAPANESE - TERM 4 NEWSLETTER

Grade 3 - Pokemon Cards

Students in Grade 3 will be practicing their Japanese grammar skills by learning to describe aspects of Pokemon like colour, size and texture by using basic sentence structures. They will also be designing and creating their very own Pokemon card in Japanese!

Grade 4 - Manga

Students in Grade 4 will explore the extremely popular Japanese comics known as 'Manga' by trying different drawing styles and comparing them to Western comics. Students will be designing and creating their very own Manga!

Grade 5 - Manga and Anime

Students in Grade 5 will learn about the rich history and popularity of Manga and Anime - a cultural phenomenon that is taking the Western world by storm. Students will be creating their own story and designing their own characters for their very own Manga comic.

Grade 6 - Japanese Research Project

Students in Grade 6 will be given the opportunity to research an aspect of Japan they are interested in, and encouraged to present their project in any way they choose! It is a great way for students to explore more than the language aspect and really look into something about Japan that resonates with themselves.
