

4th November 2021

Dear parent/guardian,

Newport Gardens Primary School is looking forward to another great year of teaching and learning and would like to advise you of our voluntary financial contributions for 2022.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support, whether through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

We continue to value your contributions in supporting our school programs and resources. These contributions assist us in providing items that students use to access the curriculum and allow us to continue to support our children in broadening their educational experiences. These funds also provide our year level and specialist teams with yearly budgets. Recently, your contributions have enabled positive changes to our school site through the purchase of turf and new signage (which will include a new double-sided Electra sign for the front of our school) as well as contributions to the newly opened inclusive play-space outside of our grant from the Victorian School Building Authority.

The generosity of our school community will allow us to explore a new platform for digital portfolios next year, alongside the maintenance of our digital devices. Our Deductible Gift Recipient fund has enabled us to purchase quality literature for our school library as well as classroom libraries. This generosity is appreciated by all and without your valued contributions, many of these things may not be possible.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

.....
