Statement of commitment to child safety

Newport Gardens Primary School is a child safe organisation which welcomes all children, young people, and their families. We are committed to providing environments where our students are safe and feel safe, where their participation is valued, their views respected, and their voices are heard about decisions that affect their lives. Our child safe policies, strategies and practices are inclusive of the needs of all children and students.

We have no tolerance for child abuse and take proactive steps to identify and manage any risks of harm to students in our school environments. We promote positive relationships between students and adults and between students and their peers. These relationships are based on trust and respect. We take proactive steps to identify and manage any risk of harm to students in our school environment. When child safety concerns are raised or identified, we treat these seriously and respond promptly and thoroughly.

Particular attention is given to the child safety needs of Aboriginal students, those from culturally and linguistically diverse backgrounds, international students, students with disabilities, those unable to live at home, children and young people who identify as lesbian, gay, bisexual, trans and gender diverse, intersex and queer (LGBTIQ+) and other students experiencing risk or vulnerability. Inappropriate or harmful behaviour targeting students based on these or other characteristics, such as racism or homophobia, are not tolerated at our school, and any instances identified will be addressed with appropriate consequences.

Child safety is a shared responsibility. Every person involved in our school has an important role in promoting child safety and wellbeing and promptly raising any issues or concerns about a child's safety.

We are committed to regularly reviewing our child safe practices, and seeking input from our students, families, staff, and volunteers to inform our ongoing strategies.

Managing risks to child safety and wellbeing

At our school we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures and practices, and in our activity specific risk registers, such as those we develop for off-site overnight camps, adventure activities, excursions and facilities and services we contract through third party providers for student use.

Our Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our school leadership team will monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

Newport Gardens Primary School will promote a culture of online and physical safety for all students:

- Supervise students properly in all settings, including the playground, excursions, and camps.
- Give particular attention to the safety, diverse needs, and vulnerabilities of students in each activity or setting. Consider whether there are any barriers that might prevent students from raising concerns.
- Inform students and their families about appropriate use of the school's technology, safety tools and how to seek help and report concerns including cyberbullying and online grooming.
- Keep up to date with current online safety issues and expert information from specialist government and non-government bodies including the Office of the e-Safety Commissioner, and eSmart Schools.
- Create a respectful, sensitive and safe environment for people who may be experiencing family violence.

Newport Gardens Primary School will Manage risk in physical spaces:

- Identify and document the school's child safety risks in the school's risk register or equivalent and ensure strategies are in place to manage those risks.

- Consider the range of school environments and the nature of physical spaces including onsite buildings and grounds, classrooms, corridors, and pick-up and drop off areas.
- Consider off-site physical environments for student use and where reasonably possible, inspect these sites and venues for events, excursions, camps and international student accommodation ahead of time.
- Consider risks arising from child-to-child and adult-to-child interactions in physical and online spaces.
- Consider cultural safety. We ensure that our physical school environment is welcoming to Aboriginal people.
- Inform staff, volunteers and students where appropriate of identified risks and risk management strategies.
- Keep records of risk management activities, including risk assessments for camps and excursions.
- Provide training and refresher training to staff and relevant volunteers on risk management policies and procedures.

Newport Gardens Primary School will supervise students appropriately:

- Inform students about spaces that are off limits, including out-of-bounds areas, storerooms and staff rooms.
- Nominate ratios of staff and volunteers to students for different types of activities.
- Keep records of any court orders in place regarding access or intervention orders and communicate to staff who can collect students in these circumstances.

We think about how every student can have a positive experience in a safe environment. For Aboriginal students, we recognise the link between Aboriginal culture, identity and safety and actively create opportunities for Aboriginal students and the Aboriginal community to have a voice and presence in our school planning, policies, and activities.

Student empowerment

To support child safety and wellbeing at Newport Gardens Primary School, we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in the school to ensure a sense of belonging through our School-wide Positive Behaviour approach implementation. We implement a clear approach to encouraging positive behaviour and review our structure in managing unexpected behaviour through our school-wide flowchart. We are committed to ensuring staff professional learning in maintaining positive student relationships is at the core of our approach. This learning is research-informed, considered and relevant to the needs for our school and regularly reviewed.

We inform students of their rights and give them the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers. We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns with a trusted adult at any time. Students and families can also access information on how to report concerns on our website: <https://www.newportgardensps.vic.edu.au/policies/>

When our school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student and keep them (and their parents and carers, as appropriate) informed about progress.

Our families and the school community have an important role in monitoring and promoting children's safety and wellbeing and helping children to raise any concerns. To support family

engagement, at Newport Gardens Primary School we are committed to providing families and community with accessible information about our school's child safe policies and practices and involving them in our approach to child safety and wellbeing.

We will create opportunities for families to have input into the development and review of our child safety policies and practices and encourage them to raise any concerns and ideas for improvement.

We do this by:

- informing our community about the Child Safe Standards and our implementation of them.
- respond to feedback about student safety in an appropriate manner
- seek input from families and the community through surveys, our school website, newsletters, school council, subcommittees of school council, student, staff, and parent meetings.
